SUPERINTENDENT-DIRECTOR'S MESSAGE

May I offer my congratulations to all members of the Class of 1993.

Four years ago, you made a momentous decision that was to leave some of your classmates behind and undertake a new type of education at Bay Path Regional Vocational Technical High School.

We believe we have equipped you to become successful citizens and leaders in your community and occupations. Always, as your life continues, be confident that you have the skills that equip you to become anything and everything that you wish to be.

Good luck to you always in the future. May your life be a happy and productive one.

Charles F. Valera
Superintendent-Director

To the class of 1993 -

The yearbook staff wishes that in the coming years when you look at these pages, you remember the fond memories of your high school years. The words and pictures within this book are but a small part of our years together. Hopeful they will play a big part in helping us remember the four great years we spent at Bay Path!

Your Editors,
Penny '93
Chris '94
Kelly '95

We the Class of 1993 dedicate this 1992-93 Yearbook to two very special teachers who have touched our lives.
For four years Mrs. Clark and Mr. Mc Namara have been two teachers who have given of themselves to this class. They go out of their way to help and to support the students at Bay Path.
We thank them both for the time they took to get to know us, and hope the memories of our years at Bay Path are as special to them as they have been to us.

Never Say Good-bye Class of '93

As they walked into the room, with satisfaction in their eyes,
With laughter on their faces, yet a tear held deep inside,
As they looked at each other, they wonder what each will be.
They wonder what each will do, But tomorrow they cannot see.
They look back through their memories, they look back through their years,
They see a lot of laughter, and recall a silent tear.
It's so very hard to say good-bye. It's hard for them to let go.
For each has a separate dream, as they turn a separate road.
They are not only friends, but yet one great big family,
Trying so hard together, to be the best that they can be,
As they leave and go on, they watch the time go by.
But yet through it all, They never say good-bye.
